## Trek Sahara

12 – 19 November 2022

## Trip overview

### The Trek

This trek in the Moroccan Sahara gives you an insight into this vast and diverse landscape as well as the Berber way of life. You will spend two full days and two half days trekking across ancient dried up river beds, sand dunes and vast sun-baked plains. Camping each night gives you a chance to experience the stunning stars in the night sky (weather permitting) and the traditional Berber cuisine cooked by the team is second to none.

### The Community Project

You will spend two days helping a community project in Marrakech. We anticipate you will help an organisation which supports vulnerable young people with education and vocational training after they have been orphaned, abused or rejected by their family. The organisation also supports elderly people whose families have abandoned them by creating a comfortable social environment for them to spend their golden years. Your tasks will vary depending on the need at the time but you're likely to get involved with refurbishment, redecorating and gardening which will make an instant impact at this incredible centre.

### Morocco

Situated in North West Africa, the Kingdom of Morocco is a country with a population of over 35 million people. Morocco has a diverse geography with both Atlantic and Mediterranean coastlines in addition to a rugged mountainous and desert interior. The mighty Atlas Mountains and vast Sahara Desert make Morocco an adventure lover's paradise, and Marrakech is a wonderful place to visit with its spicy aromas, peaceful mosques, diverse entertainers and a cacophony of merchants in the bustling medina.

### Sahara

The Sahara covers an area of over 3,600,000 square miles making it the third largest desert on the planet (after Antarctica and the Arctic respectively). It stretches from the Mediterranean and Atlantic to the north, the Red Sea to the east, and as far south as the Niger River. The Sahara is the world's hottest desert with record temperatures exceeding 50°C. Despite its inhospitable conditions, the Sahara has many species of flora such as acacia, palms and grass which have adapted to the arid conditions.

### Berbers

The Berbers (or Amazighen – 'free people') are an ethnic group indigenous to North Africa whose culture can be traced back over 4,000 years. Traditionally, Berber men take care of livestock and Berber women take care of the home and make handicrafts for use around the home and to sell. The lifestyle is generally nomadic or semi-nomadic and there are large Berber communities in the rural parts of the country.

## What is the experience like?

### Who accompanies us?

You will be accompanied by professional English-speaking Berber guides who have an excellent knowledge of culture and hiking in the region. The guides are first aid trained and will support you throughout your journey. You will also be accompanied by a team of support staff including cooks and camel handlers, and a Different Travel Company UK tour manager.

### How tough is it?

The trek is rated moderately challenging for someone of a good fitness level. The terrain is a mixture of hard, flat sundried plains, dried up ancient riverbeds, wide sandy dune fields and hard rocky outcrops. Temperatures pose a specific challenge with temperatures historically reaching 35°C. You must be of a good fitness level before departure, to ensure fast recovery each day.

### What is the climate like?

Temperatures can range from 25°C to 35°C during the day and drop to around 0°C at night however you must be prepared for variations to this which are out of our control. Weather during the trek will be dry but there may be some strong winds. Rain, although very rare, is not impossible. Please note: the temperatures and conditions above are historically accurate but climate change can impact the seasons so you may experience uncharacteristic conditions during the trip which are out of our control. The guides will assess the situation and make decisions to ensure the best enjoyment and safety of the group.

### How do we get to the desert?

To get to and from the desert requires long drives (approx. 9 hours including breaks) along winding mountain roads which offer stunning views of the snow-capped peaks and lush valleys. If you suffer from motion sickness you are advised to bring your usual anti-nausea medication with you. Regular stops are taken.

### What is the camping like?

During the trek you will sleep in tents (two to a tent), or if the weather is good you can sleep outside under the stars; highly recommended! Foam sleeping mats are provided but you will need to bring a sleeping bag. Toilet facilities consist of a small toilet 'tent' covering a hole in the ground. There are no showers or bathing facilities in the desert so you must bring a pack of baby wipes.

### What is the food like?

During the trek meals are cooked by a chef who will prepare Moroccan dishes. Breakfast and lunch will be eaten alfresco, and evening meals will be in a mess tent at camp. Plates, mugs, cutlery and other equipment are provided. While staying in Marrakech (and Ouarzazate if applicable) meals will be at the hotel, the project or at local restaurants.

## Practical information

### Who can take part?

The minimum age is 18. It may be possible to participate if you are 16 or 17 years old but you must be accompanied by a parent or guardian. There is no upper age limit. The ideal candidate would be fit, healthy and determined, open to adventure and adaptable to unexpected changes.

### Medical Declaration

We require a medical form to be completed by everyone upon registering, and any pre-existing conditions, medications used and other medical issues must be specified. All your medical details are treated in the strictest confidence.

The information will be securely screened by a qualified medical professional, and details provided to your tour manager and local guides so our staff are adequately informed and prepared to support you during the trip. By completing this booking form you are giving consent for us to contact you confidentially with any follow up questions regarding your health.

If you declare any medical conditions you may be asked to provide more information, or we may request to contact your GP. We must be informed if any conditions or medication change, or if new conditions develop. If necessary confirmation of fitness to travel from your GP or specialist may be required.

In the event that your medical issues represent a concern for your safety and wellbeing, or the safety and wellbeing of others in the group, you may be recommended not to take part. If this happens your deposit will be refunded. Please note that we will never unreasonably deny participation on a trip nor contravene the Equality Act 2010.

## Covid-19

Your health and safety is our top priority so rest assured that we are taking steps to ensure you not only have a memorable experience, but a safe one too.

We constantly monitor and follow the advice of the British Foreign, Commonwealth and Development Office (FCDO) who provide recommendations and advice to British travellers about travel to a certain destination.

Health and safety is our top priority so we will **NEVER** operate a trip in an area where there is clear and present risk to our team members, whether that is due to a health outbreak, political instability, natural disasters or anything else.

We are optimistic that this trip will operate as scheduled, however if travel restrictions either in the UK or Morocco prevent safe travel we will look to either postpone or cancel your trip at no cost to you.

Please note that at the time of travel there may be enhanced safety and security measures in airports, bag drop may take longer, and you may need to provide a certificate of health. We are closely monitoring the situation and will inform you about any information pertinent to your travel arrangements.
